

1. TITLE OF THE CERTIFICATE (ES)

**Certificado de Profesionalidad de nivel 1 en
EOCJ0311 OPERACIONES BÁSICAS DE REVESTIMIENTOS LIGEROS Y TÉCNICOS EN CONSTRUCCIÓN**

2. TRANSLATED TITLE OF THE CERTIFICATE (EN)

**Professional Certificate Level 1 in
EOCJ0311 BASIC OPERATIONS OF LIGHT AND TECHNICAL COATINGS IN CONSTRUCTION
(This translation has no legal status)**

3. PROFILE OF SKILLS AND COMPETENCES

The holder of this certificate will have acquired the **general competence** to the installation of lightweight floor and assist in the installation of plasterboards in building constructions, and do auxiliary tasks in construction pits, following the technical instructions and safety and health requirements. This general competence is specified in the following **competency units (UC)**:

- Do auxiliary tasks in construction works (UC0276_1).
- Clean up and prepare coating supports in construction works (UC0871_1).
- Install lightweight floors under permanent supervision (UC1902_1).
- Perform basic operations on plasterboards installation (UC1903_1).

The professional skills are acquired through the **learning outcomes** defined within the related Training Modules (MF):

- Auxiliary tasks in construction work (MF0276_1).
 - Treatments for coatings supports in construction (MF0871_1).
 - Lightweight flooring under permanent supervision (MF1902_1).
 - Basic operations on plasterboards installation (MF1903_1).
 - Practical training at the workplace in basic operations of light and technical coatings in construction (MP0487).
- (See legal basis for all learning outcomes information acquired by the holder of this Certificate in each MF).

As a reference, the learning outcomes include in the Practical training that complete and reinforce the learning outcomes acquired in the other training modules, are:

- Operate with lightweight machines in auxiliary tasks to construction activities, respecting the received instructions and specifications of the operating manuals regarding working methods, safety conditions and end of day operations.
- Select, install and check the usual supporting tools in the performance of masonry works and lightweight surface coverings, achieving the prescribed working outcomes and paying attention to the established safety and health working conditions.
- Identify, install and check the usual collective protection instruments in masonry and light coatings works compiling with established safety working conditions.
- Apply cleaning, preparing and protective techniques for coating surfaces both horizontal and vertical, resolving singular tasks compiling with established security and quality conditions.
- Apply handling techniques for materials in different works related to plasterboards systems -assembly, installation assistance and hanging cargo, fulfilling the specific requirements of quality, safety and health working conditions.
- Apply installation techniques in direct and semidirect *voussoir* in plasterboards using pastes or metal sections, depending on the specifications, compiling with the established quality, safety and health working conditions.
- Install lightweight floors in the conditions required in the technical blueprint according to the instructions received from the superior responsible.
- Participate in the working processes of the company, following the rules and instructions established at the workplace.

4. RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THIS CERTIFICATE

The holder of this certificate may work in the construction sector, mainly in new buildings construction and rehabilitation. The most relevant occupations and work positions are:

- Lightweight floor installer, in general.
- Carpet setter.
- Building construction worker.
- Specialized construction worker.
- Finishes operator.
- Plasterboard installer assistant.

The holder of this professional certificate has recognition of the basic level training in labour risk prevention, according to Annex IV of the Royal Decree 39/1997 of 17 of January approving the Labour Risks Prevention Act.

5. OFFICIAL BASIS OF THE CERTIFICATE

Name and status of the national/regional authority providing accreditation/recognition of the certificate

The Ministry of Employment and Social Security or the corresponding autonomous regional administration within the scope of its competence, in the name of the King. The certificate is valid throughout Spain.

Level of the certificate

The Professional Certificate Level 1 of the National Repertoire of Professional Certificates corresponds to level 2 of the International Standard Classification of Education (ISCED-P 2011).

The European Qualification Framework (EQF) level:

Grading scale/Pass requirements

The grading scale and pass level of the training modules are expressed on a scale of 0 to 10. The minimum score for a pass is 5 in every training module including a pass in the practical training at the workplace module.

The grading system is as follows:

- FAIL: 0 to 4.9
- PASS-SATISFACTORY: 5 to 6.9
- PASS-GOOD: 7 to 8.9
- PASS-EXCELLENT: 9 to 10

Access to next level of education/training

This Professional Certificate Level 1 gives access to Professional Certificate Level 2 within the same professional area and family.

For validation purposes, the educational authorities will recognise the professional module or modules of the VET diplomas corresponding to the skills units included in the training modules of this certificate.

Legal basis

Royal Decree 615/2013, of August 2nd, by which twelve professional certificates of the professional family Construction and Civil Work included in the National Repertoire of professional certificates, and the professional certificate set out as Appendix I of the Royal Decree 1966/2008, of November 28th and the professional certificates established as Appendix I, II and III of the Royal Decree 1212/2009, of July 17th as Appendix I, II and III of the Royal Decree 644/2011, of May 9th are updated. (Appendix I, Code: EOCJ0311)

6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE

This certificate may be acquired by:

1. Training: Completion with a pass grade of the face-to-face or online training programme.
2. Recognition of the professional skills acquired through professional experience or non-formal training (prior learning): Completion of a process of skills evaluation and accreditation in all the skills units making up the professional certificate.
3. Dual training: Completion of a training and apprenticeship contract, which may range from 1 year (or 6 months, if stipulated as such in the collective agreement) to 3 years, during which effective working time is combined with time dedicated to training under the training programme for the professional certificate.

The training method (number 1 above) requires successful completion of the training modules and the practical training at the workplace:

Description of vocational training received	Percentage of total programme (%)	Duration (hours)
Training modules	87	270
Practical training at the workplace	13	40
Total duration of training leading to the certificate		310

Entry/access requirements:

- No entry requirements

Additional information: Professional certificates are instruments for official accreditation of the professional qualifications in the National Catalogue of Professional Qualifications for all economic activities, within the scope of the labour administration. The National Repertoire of Professional Certificates is divided into three qualification levels (Level 1, Level 2 and Level 3), and by sectors into 26 professional families and 102 professional areas. More information is available at: www.sepe.es

National Europass Centre: www.sepie.es

(*) **Explanatory note:** This document is designed to provide additional information about the specified certificate, but has no legal status in itself. The format of the description is based on the following texts: Council Resolution 93/C 49/01 of 3 December 1992 on the transparency of qualifications; Council Resolution 96/C 224/04 of 15 July 1996 on the transparency of vocational training certificates; and Recommendation 2001/613/EC of the European Parliament and of the Council of 10 July 2001 on mobility within the Community for students, persons undergoing training, volunteers, teachers and trainers.
