

## 1. TITLE OF THE CERTIFICATE (ES)

Certificado de Profesionalidad de nivel 2 en  
ENAS0108 MONTAJE Y MANTENIMIENTO DE REDES DE GAS

## 2. TRANSLATED TITLE OF THE CERTIFICATE (EN)

Professional Certificate Level 2 in  
ENAS0108 INSTALLATION AND MAINTENANCE OF GAS NETWORKS  
(This translation has no legal status)

## 3. PROFILE OF SKILLS AND COMPETENCES

The holder of this certificate will have acquired the **general competence** to carry out the installation, commissioning, operation and maintenance of gas networks with the quality and safety required and complying with current law. This general competence is divided into the following **skills units** (UC):

- Prepare the on-site layout of gas networks (UC0610\_2).
- Install and maintain polyethylene pipe gas networks (UC0611\_2).
- Install and maintain steel pipe gas networks (UC0611\_2).
- Commission and operate gas networks (UC0613\_2).
- Foresee risks in gas installations (UC0614\_2).

The professional skills are acquired through the **learning outcomes** defined within the related Training Modules (MF):

- On-site layout of gas networks (MF0610\_2).
- Installation and maintenance of polyethylene pipe gas networks (MF0611\_2).
- Installation and maintenance of steel pipe gas networks (MF0612\_2).
- Commissioning and operation of gas networks (MF0613\_2).
- Safety in gas installations (MF0614\_2).
- Practical training at the workplace in Installation and maintenance of gas networks (MP0044)

(See legal basis for all learning outcomes information acquired by the holder of this Certificate in each MF).

As a reference the learning outcomes include in the Practical training at the workplace that complete and reinforce the learning outcomes acquired in the other training modules, are:

- Prepare on-site layout operations on gas networks, with the corresponding projects or technical reports.
- Carry out installation operations on a gas network based on technical documentation, applying standard procedures and corresponding regulations, using appropriate tools, equipment and materials, and acting according to safety regulations.
- Carry out corrective maintenance operations on equipment and components in a gas network.
- Carry out pre-commissioning tests and commissioning operations for a gas network.
- Analyse the professional and environmental risks in operations related to gas installations and the measures and actions related to the safety plan.
- Take part in the company's working processes, following the rules and instructions established at the workplace.

#### 4. RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THIS CERTIFICATE

The holder of this certificate may work in companies dedicated to the installation, operation and maintenance of gas networks and facilities *under de supervision of gas installer with a professional license*. The holder may work in the energy sector, in the sub-sector of production and distribution of electrical energy, gas and water. The most pertinent occupations and positions are:

- Gas distribution systems operator.
- Gas network installer.
- Polyethylene piping installer.
- Steel piping installer and welder.
- Gas network maintenance operator.

The holder of this professional certificate has recognition of the basic level training in labour risk prevention, according to Annex IV of the Royal Decree 39/1997 of 17 of January approving the Labour Risks Prevention Act.

#### 5. OFFICIAL BASIS OF THE CERTIFICATE

##### **Name and status of the national/regional authority providing accreditation/recognition of the certificate**

The Ministry of Employment and Social Security or the corresponding autonomous regional administration within the scope of its competence, in the name of the King. The certificate is valid throughout Spain.
