

## 1. TITLE OF THE CERTIFICATE (ES)

Certificado de Profesionalidad de nivel 2 en  
IMAI0110 INSTALACIÓN Y MANTENIMIENTO DE SISTEMAS DE AISLAMIENTO TÉRMICO, ACÚSTICO Y PROTECCIÓN  
PASIVA CONTRA EL FUEGO

## 2. TRANSLATED TITLE OF THE CERTIFICATE (EN)

Professional Certificate Level 2 in  
IMAI0110 INSTALLATION AND MAINTENANCE OF THERMAL INSULATION, SOUNDPROOFING AND FIREPROOFING  
SYSTEMS  
(This translation has no legal status)

## 3. PROFILE OF SKILLS AND COMPETENCES

The holder of this certificate will have acquired the **general competence** to carry out factory prefabrication operations, install, maintain and repair thermal insulation, soundproofing and fireproofing systems in equipment and facilities located in industrial premises, warehouses and buildings, in accordance with the procedures, assembly and maintenance plans set out, to the required quality level, complying with current law and regulations, and with the occupational risk prevention and environmental protection plans. This general competence is divided into the following **skills units (UC)**:

- Assemble insulation systems (UC1879\_2).
- Prefabricate cladding for insulation systems (UC1880\_2).
- Maintain insulation systems (UC1881\_2).

The professional skills are acquired through the **learning outcomes** defined within the related Training Modules (MF):

- Assembly techniques for insulation systems (MF1879\_2).
- Prefabrication of insulation cladding (MF1880\_2).
- Preventive and corrective maintenance of insulation systems (MF1881\_2).
- Practical training at the workplace in Installation and maintenance of thermal insulation, soundproofing and fireproofing (MF0382).

(See legal basis for all learning outcomes information acquired by the holder of this Certificate in each MF).

As a reference the learning outcomes include in the Practical training at the workplace that complete and reinforce the learning outcomes acquired in the other training modules, are:

- Take part in the installation of an insulation system.
- Collaborate on the machining and cutting of pieces of cladding for the installation of an insulation system.
- Take part in the identification of defects in an installation and collaborate in its repair.
- Take part in the company's working processes, following the rules and instructions established at the workplace.

#### 4. RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THIS CERTIFICATE

The holder of this certificate may work in companies dedicated to factory prefabrication, assembly and maintenance of insulation systems, except for those designed for enclosure and partition walls in buildings and civil works. The work may be in all economic and productive activities in which thermal insulation, soundproofing and fireproofing systems are used. The most pertinent occupations and positions are:

- Lagger.
- Insulation fitter.
- Insulation service worker.

The holder of this professional certificate has recognition of the basic level training in labour risk prevention, according to Annex IV of the Royal Decree 39/1997 of 17 of January approving the Labour Risks Prevention Act.

#### 5. OFFICIAL BASIS OF THE CERTIFICATE

##### **Name and status of the national/regional authority providing accreditation/recognition of the certificate**

The Ministry of Employment and Social Security or the corresponding autonomous regional administration within the scope of its competence, in the name of the King. The certificate is valid throughout Spain.

##### **Level of the certificate**

The Professional Certificate Level 2 of the National Repertoire of Professional Certificates corresponds to level 3 of the International Standard Classification of Education (ISCED-P 2011).

The European Qualification Framework (EQF) level:

##### **Grading scale/Pass requirements**

The grading scale and pass level of the training modules are expressed on a scale of 0 to 10. The minimum score for a pass is 5 in every training module including a pass in the practical training at the workplace module.

The grading system is as follows:

- FAIL: 0 to 4.9
- PASS-SATISFACTORY: 5 to 6.9
- PASS-GOOD: 7 to 8.9
- PASS-EXCELLENT: 9 to 10

##### **Access to next level of education/training**

This Professional Certificate Level 2 gives access to Professional Certificate Level 3 within the same professional area and family.

For validation purposes, the educational authorities will recognise the professional module or modules of the VET diplomas corresponding to the skills units included in the training modules of this certificate.

##### **Legal basis**

Royal Decree 1079/2012 of 13 July, establishing four professional certificates in the professional family Installation and Maintenance, which are included in the National Repertoire of Professional Certificates. (Appendix II, Code: IMAI0110)

## 6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE

This certificate may be acquired by:

1. Training: Completion with a pass grade of the face-to-face or online training programme.
2. Recognition of the professional skills acquired through professional experience or non-formal training (prior learning): Completion of a process of skills evaluation and accreditation in all the skills units making up the professional certificate.
3. Dual training: Completion of a training and apprenticeship contract, which may range from 1 year (or 6 months, if stipulated as such in the collective agreement) to 3 years, during which effective working time is combined with time dedicated to training under the training programme for the professional certificate.

The training method (number 1 above) requires successful completion of the training modules and the practical training at the workplace:

Description of vocational training received	Percentage of total programme (%)	Duration (hours)
Training modules	87	540
Practical training at the workplace	13	80
<b>Total duration of training leading to the certificate</b>		<b>620</b>

### Entry/access requirements:

- Compulsory Secondary Education Diploma (Lower secondary education); or
- Professional Certificate Level 1 in the same professional area.
- If neither of the above or higher certifications are held, a pass in the key skills tests.

**Additional information:** Professional certificates are instruments for official accreditation of the professional qualifications in the National Catalogue of Professional Qualifications for all economic activities, within the scope of the labour administration. The National Repertoire of Professional Certificates is divided into three qualification levels (Level 1, Level 2 and Level 3), and by sectors into 26 professional families and 102 professional areas. More information is available at: [www.sepe.es](http://www.sepe.es)

National Europass Centre: [www.oapee.es](http://www.oapee.es)

**(\*) Explanatory note:** This document is designed to provide additional information about the specified certificate, but has no legal status in itself. The format of the description is based on the following texts: Council Resolution 93/C 49/01 of 3 December 1992 on the transparency of qualifications; Council Resolution 96/C 224/04 of 15 July 1996 on the transparency of vocational training certificates; and Recommendation 2001/613/EC of the European Parliament and of the Council of 10 July 2001 on mobility within the Community for students, persons undergoing training, volunteers, teachers and trainers.
