

1. TITLE OF THE CERTIFICATE (ES)

Certificado de Profesionalidad de nivel 2 en
VICIO112 ENSAYOS DE CALIDAD EN INDUSTRIAS DEL VIDRIO

2. TRANSLATED TITLE OF THE CERTIFICATE (EN)

Professional Certificate Level 2 in
VICIO112 QUALITY TESTING IN GLASS INDUSTRIES
(This translation has no legal status)

3. PROFILE OF SKILLS AND COMPETENCES

The holder of this certificate will have acquired the **general competence** to develop characterization tests and supplies provision control, of finished or manufactured products in industries either of manufactured glass products or by-products, following the technical instructions and ensuring the quality and safety of the industry operations. This general competence is divided into the following **skill units**(UC):

- Make glass control tests for glazing products in construction and automotive sectors (UC2053_2).
- Make glass control tests for technical applications, lighting, packaging and household goods (UC2054_2).
- Prepare equipment and provide supplies for glass control testings (UC2055_2).

The professional skills are acquired through the **learning outcomes** defined within the related Training Modules (MF):

- Glass control testing for glazing in construction and automotive sectors (MF2053_2).
- Glass control testing for technical applications, lighting, packaging and household goods (MF2054_2).
- Organization of control testing laboratory for glass products (MF2055_2).
- Practical training at the workplace in quality testing in glass industries (MP0512).

(See legal basis for all learning outcomes information acquired by the holder of this Certificate in each MF).

As a reference the learning outcomes include in the Practical training at the workplace that complete and reinforce the learning outcomes acquired in the other training modules, are:

- Participate in the development of quality tests in glass industries.
- Participate in the reporting of results of quality control testing in glass industries.
- Cooperate in the provision of materials and reactive agents for control testing of materials, glass and glass products.
- Participate in the storage of materials and reactive agents required for control testing of materials, glass and glass products.
- Participate in assembly and preparation of equipment operations for control testing of materials, glass and glass products.
- Participate in the working processes of the company, following the rules and instructions established at the workplace.

4. RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THIS CERTIFICATE

The holder of this certificate may work in companies of laminated glass manufacture, manufacture of insulators, containers, household items and ornaments, fiber glass, glass panes, moulded glass for construction, laminated glass products for construction, decorative laminated glass, glass for pharmacy products and thermometry, lighting glass, laboratory instruments and industrial glass equipment. The most relevant occupations and work positions are:

- Technicians in quality control in glass industries.
- Laboratory auxiliaries in glass industries.

5. OFFICIAL BASIS OF THE CERTIFICATE

Name and status of the national/regional authority providing accreditation/recognition of the certificate

The Ministry of Employment and Social Security or the corresponding autonomous regional administration within the scope of its competence, in the name of the King. The certificate is valid throughout Spain.

Level of the certificate

The Professional Certificate Level 2 of the National Repertoire of Professional Certificates corresponds to level 3 of the International Standard Classification of Education (ISCED-P 2011).

The European Qualification Framework (EQF) level:

Grading scale/Pass requirements

The grading scale and pass level of the training modules are expressed on a scale of 0 to 10. The minimum score for a pass is 5 in every training module including a pass in the practical training at the workplace module.

The grading system is as follows:

- FAIL: 0 to 4.9
- PASS-SATISFACTORY: 5 to 6.9
- PASS-GOOD: 7 to 8.9
- PASS-EXCELLENT: 9 to 10

Access to next level of education/training

This Professional Certificate Level 2 gives access to Professional Certificate Level 3 within the same professional area and family.

For validation purposes, the educational authorities will recognise the professional module or modules of the VET diplomas corresponding to the skills units included in the training modules of this certificate.

Legal basis

Royal Decree 993/2013 of December 13th, by which four professional certificates of the professional family "Glass and ceramics", included in the National Repertoire of professional certificates are established, and the professional certificate established as Appendix IV of Royal Decree 1775/2011, of December 2nd is updated (Appendix I, Code: VICI0112).

6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE

This certificate may be acquired by:

1. Training: Completion with a pass grade of the face-to-face or online training programme.
2. Recognition of the professional skills acquired through professional experience or non-formal training (prior learning): Completion of a process of skills evaluation and accreditation in all the skills units making up the professional certificate.
3. Dual training: Completion of a training and apprenticeship contract, which may range from 1 year (or 6 months, if stipulated as such in the collective agreement) to 3 years, during which effective working time is combined with time dedicated to training under the training programme for the professional certificate.

The training method (number 1 above) requires successful completion of the training modules and the practical training at the workplace:

Description of vocational training received	Percentage of total programme (%)	Duration (hours)
Training modules	82	360
Practical training at the workplace	18	80
Total duration of training leading to the certificate		440

Entry/access requirements:

- Compulsory Secondary Education Diploma (Lower secondary education); or
- Professional Certificate Level 1 in the same professional area.
- If neither of the above or higher certifications are held, a pass in the key skills tests.

Additional information: Professional certificates are instruments for official accreditation of the professional qualifications in the National Catalogue of Professional Qualifications for all economic activities, within the scope of the labour administration. The National Repertoire of Professional Certificates is divided into three qualification levels (Level 1, Level 2 and Level 3), and by sectors into 26 professional families and 102 professional areas.
