2. TRANSLATED TITLE OF THE CERTIFICATE (EN)

**Professional Certificate Level 3 in
IFCT0509 ADMINISTRATION OF INTERNET SERVICES
(This translation has no legal status)**

3. PROFILE OF SKILLS AND COMPETENCES

The holder of this certificate will have acquired the **general competence** to install, configure, administer and maintain common services for the provision and exchange of information using the communication resources offered by the Internet. This general competence is divided into the following **skills units** (UC):

- Install, configure and administer the software for managing a web environment (UC0495_3).
- Install, configure and administer electronic messaging services (UC0496_3).
- Install, configure and administer file and multimedia transfer services (UC0497_3).
- Manage services in the computer system (UC0490_3).

The professional skills are acquired through the **learning outcomes** defined within the related Training Modules (MF):

- Administration of web services (MF0495_3).
- Administration of electronic messaging services (MF0496_3).
- Administration of file and multimedia transfer services (MF0497_3).
- Management of services in the computer system (MF0490_3).
- Practical training at the workplace in Administration of internet services (MP0267)

(See legal basis for all learning outcomes information acquired by the holder of this Certificate in each MF).

As a reference the learning outcomes include in the Practical training at the workplace that complete and reinforce the learning outcomes acquired in the other training modules, are:

- Provide technical support for the implementation and administration of web services, electronic messaging and file transfer.
- Take part with appropriate support of the web services, electronic messaging and file transfer audit and maintenance processes.
- Take part in the company's working processes, following the rules and instructions established at the workplace.

4. RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THIS CERTIFICATE

The holder of this certificate may work in any productive sector, with particular relevance in the service sector, in the following types of companies: public bodies and companies in any productive sector that due to their size and organisation need to have their own services based on Internet technologies; Internet service providers; service outsourcing companies and data centres; and companies dedicated to the development of websites and web applications. The most pertinent occupations and positions are:

- Internet services administrator.
- Webmaster.
- Administrator of electronic messaging services (postmaster).
- Internet systems technician.

5. OFFICIAL BASIS OF THE CERTIFICATE
