

1. TITLE OF THE CERTIFICATE (ES)

Certificado de Profesionalidad de nivel 3 en
SEAG0309 CONTROL Y PROTECCIÓN DEL MEDIO NATURAL

2. TRANSLATED TITLE OF THE CERTIFICATE (EN)

Professional Certificate Level 3 in
SEAG0309 CONTROL AND PROTECTION OF NATURAL ENVIRONMENTS
(This translation has no legal status)

3. PROFILE OF SKILLS AND COMPETENCES

The holder of this certificate will have acquired the **general competence** to control and protect the natural environment, ensuring compliance with current law. This general competence is divided into the following **skills units** (UC):

- Control and surveillance of natural areas and their public use (UC0083_3).
- Control the use of forests and mineral resources (UC0084_3).
- Control the use of hunting and fishing resources (UC0085_3).
- Monitor and collaborate in the restoration, maintenance, planning and defence of natural resources (UC0086_3).

The professional skills are acquired through the **learning outcomes** defined within the related Training Modules (MF):

- Activities of public use and protection of the natural environment (MF0083_3).
- Control and monitoring of the use of natural resources (MF0084_3).
- Control and surveillance of the use of hunting and fishing resources (MF0085_3).
- Control and surveillance of restoration, maintenance, planning and defence of natural areas (MF0086_3).
- Practical training at the workplace in Control and protection of natural environments (MP0265)

(See legal basis for all learning outcomes information acquired by the holder of this Certificate in each MF).

As a reference the learning outcomes include in the Practical training at the workplace that complete and reinforce the learning outcomes acquired in the other training modules, are:

- Prepare a report analysing the state of a path.
- Accompany a group of visitors on a nature trail.
- Carry out activities related to the control of natural areas.
- Identify and detect spillages and pests in the natural environment.
- Supervise a hunting or fishing habitat.
- Supervise forest treatment and use, as well as the restoration of water resources.
- Supervise prevention work and fire extinction.
- Take part in the company's working processes, following the rules and instructions established at the workplace.

4. RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THIS CERTIFICATE

The holder of this certificate may work in the control and surveillance of the natural environment and its resources. The holder may work in organisations that operate in the natural, forest and agricultural environment.

The most pertinent occupations and positions are:

- Forestry and/or silviculture technician.
- Forester or similar.
- Natural area guard.
- Hunting guard.

5. OFFICIAL BASIS OF THE CERTIFICATE

Name and status of the national/regional authority providing accreditation/recognition of the certificate

The Ministry of Employment and Social Security or the corresponding autonomous regional administration within the scope of its competence, in the name of the King. The certificate is valid throughout Spain.

Level of the certificate

The Professional Certificate Level 3 of the National Repertoire of Professional Certificates corresponds to level 4 of the International Standard Classification of Education (ISCED-P 2011).

The European Qualification Framework (EQF) level:

Grading scale/Pass requirements

The grading scale and pass level of the training modules are expressed on a scale of 0 to 10. The minimum score for a pass is 5 in every training module including a pass in the practical training at the workplace module.

The grading system is as follows:

- FAIL: 0 to 4.9
- PASS-SATISFACTORY: 5 to 6.9
- PASS-GOOD: 7 to 8.9
- PASS-EXCELLENT: 9 to 10

Access to next level of education/training

This Professional Certificate Level 3 gives access to Professional Certificate Level 3 within the same professional area and family.

For validation purposes, the educational authorities will recognise the professional module or modules of the VET diplomas corresponding to the skills units included in the training modules of this certificate.

Legal basis

Royal Decree 720/2011 of 20 May, establishing two professional certificates in the professional family Safety and the Environment, which are included in the National Repertoire of Professional Certificates.
(Appendix III, Code: SEAG0209)

6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE

This certificate may be acquired by:

1. Training: Completion with a pass grade of the face-to-face or online training programme.
2. Recognition of the professional skills acquired through professional experience or non-formal training (prior learning): Completion of a process of skills evaluation and accreditation in all the skills units making up the professional certificate.
3. Dual training: Completion of a training and apprenticeship contract, which may range from 1 year (or 6 months, if stipulated as such in the collective agreement) to 3 years, during which effective working time is combined with time dedicated to training under the training programme for the professional certificate.

The training method (number 1 above) requires successful completion of the training modules and the practical training at the workplace:

Description of vocational training received	Percentage of total programme (%)	Duration (hours)
Training modules	80	470
Practical training at the workplace	20	120
Total duration of training leading to the certificate		590

Entry/access requirements:

- *Bachiller* Diploma (upper secondary education); or
- Professional Certificate Level 2 in the same professional area.
- If neither of the above or higher certifications are held, a pass in the key skills tests.

Additional information: Professional certificates are instruments for official accreditation of the professional qualifications in the National Catalogue of Professional Qualifications for all economic activities, within the scope of the labour administration. The National Repertoire of Professional Certificates is divided into three qualification levels (Level 1, Level 2 and Level 3), and by sectors into 26 professional families and 102 professional areas.
